

Overview

Non-Flammable Brake Klean

An excellent brake parts cleaner that aggressively degreases and cleans all brake components safely and effectively.

Non-Chlorinated Brake Klean

A high performance brake cleaner that removes all traces of grease, oil, brake fluid and road grime from brake parts.

Features/Benefits

- Multi-Use: Brake pads, linings, drums, cylinders and parts cleaners
- Non-acidic
- Non-caustic
- Non-corrosive
- Dries residue free

Applications

- Cleans brake pads, linings, drums, cylinders, parts
- Removes grease, oils, brake fluid and road grime
- Removes asphalt and tar
- Removes adhesives and sealants
- Helps stop disc brake squealing

Method of Application

- Aerosol
- Liquid

Identification

- Non-Flammable Aerosol
- Non-Chlorinated Aerosol
- Non-Chlorinated Liquid (not shown)

Sizes

- Non-Flammable Aerosol: 20 Oz. Can Size; 20 Oz. (567g) Net Wt. (61416)
- Non-Chlorinated Aerosol: 20 Oz. Can Size; 14 Oz. (396g) Net Wt. (54474)
- Non-Chlorinated Liquid: 5 Gallon Container (DL4890 05, not shown)

Directions for Use**Aerosols:**

1. Spray brake parts liberally.
2. Air dry or dry with a soft cloth.
3. Repeat application if necessary.

Liquid:

1. Apply with an appropriate metal solvent-resistant portable spray pumper, tank sprayer, air siphon sprayer, or solvent trigger sprayer.
2. Air dry or dry with a soft cloth.
3. Repeat application if necessary.

Technical Specifications**Aerosol – Non-Flammable**

- Form: Aerosol
- Spray-Out: Forceful thin liquid
- Color: Water white
- Odor: Chlorinated solvent
- Water Solubility: Negligible
- Specific Gravity (Concentrate): 1.58
- Flash Point (TCC): None
- Evaporation Rate: >1 (ether = 1)
- Reportable VOC Content: 100% by weight.
- Shelf Life: Minimum one year
- HMIS: H:2 F:2 R:0

Aerosol – Non-Chlorinated

- Form: Aerosol
- Spray-Out: Forceful thin liquid
- Color: Water white
- Odor: Petroleum solvents
- Water Solubility: Negligible
- Specific Gravity (Concentrate): 0.83
- Flash Point (Concentrate): 56°F (13°C)
- Evaporation Rate: >1 (ether = 1)
- Reportable VOC Content: 45% by weight
- Shelf Life: Minimum one year
- HMIS: H:2 F:3 R:0

Liquid – Non-Chlorinated

- Form: Thin liquid
- Color: Water white
- Odor: Petroleum solvents
- Water Solubility: negligible
- Specific Gravity: 0.7819
- Flash Point: <25°F (–4°C)
- Evaporation Rate: >1 (ether = 1)
- Reportable VOC Content: 41.95% by weight
- Shelf Life: Minimum one year
- HMIS: H:2 F:3 R:0
