

MILITARY Deployment Solutions

When it comes to operational readiness and deployment needs, Lawson Products is your maintenance hardware product and solution combat multiplier. We have a long standing tradition of providing quality products in addition to specially trained maintenance hardware and shop supply specialists. We have extensive experience in all phases of maintenance operations including **pre-deployment** preparations, **down range support**, and **re-set/post-deployment** recovery operations.

Deployed Units Rely on Lawson for These Applications:

- Bin and Cabinet set-ups and installation for ISU 90s, TRICONS and QUADCONS
- Locking Doors that keep your product in place
- Skirt bolts that don't break on Bradley vehicles
- Starter bolts that don't fail on HMMWVs
- Hydraulic hose and fittings that don't leak
- HMMWV Battery Maintenance Kits that increase operational readiness ratings
- And Much More!

The Lawson Advantage for Deploying Units

- On-site agents that evaluate your deployment maintenance needs
- Customized deployment packages for your mission
- Quality maintenance products equal less downtime for your equipment
- Availability of specially sourced maintenance items
- Fast, accurate and worldwide shipping
- On-line Material Safety Data Sheets (MSDS)
