

Category Application Guide

Category	Maximum Drawbar Horsepower	Application
0	0 - 20	Lawn and garden tractors
1	20 - 45	Common types found on farms and in construction firms and highway maintenance departments
2	40 - 100	

Due to the large number of tractor, implement and hitch component manufacturers, a system of categories has been developed to simplify and standardize the interconnection of these items based on tractor horsepower. Refer to chart.
