

DTM High Build Seam Sealer

A heavy-body, two-part seam sealer designed for exterior and interior applications.

- Non-sag formula with extended working time – 8 to 10 minutes
- Excellent adhesion to many surfaces including bare metal*
- Matches OEM sealers
- Holds tool marks for desired finish

- Paintable in 60 minutes
- Remains flexible – will not shrink or crack
- Item No. KT14999 – OEM Recommended by GM
- OEM Recommended by Honda Approval #18-134; OEM Recommended by Acura Approval #18-070

*For best results always follow OEM recommendations for priming procedures.
