

ET1000 Expansion Modules

The ET1000 expansion modules build on the contents included in the ET1000 Crimper Starter Assortments. The expansion modules include similar fitting configurations in additional hose sizes, a coil of hydraulic hose, any additional tooling necessary, and more cabinetry for hose and fittings.

Expansion Modules include:

- Necessary tooling to crimp the additional sizes in each module on the ET1000 crimper
- One 50-foot roll of 2-wire braided hydraulic hose in the size and series chosen
- An assortment of the most popular sizes and configurations of NPT, JIC, and FFOR Z Series fittings for each size
- Storage solutions for hydraulic hose and fittings
