

PROBLEM SOLVER

Many Customers Have Experienced The Following:

DRUMMOND™
A LAWSON PRODUCTS BRAND

PROBLEM:

Removing hard water deposits, rust stains, heavy soap scum and lime buildup on bath, shower and food service surfaces

- Removing oxidation, rust and alkaline films left by other cleaners
- Cleaning urine stains, algae, mildew and soap scum
- Cleaning hard water deposits and scale
- Preventing flash rusting after surfaces have been cleaned

SOLUTION:

Drummond™ Pentox Lime and Scale Remover

- Quickly removes lime, scale and more, and dissolves hard water deposits, soap and scum, urine stains, algae, mildew, rust stains and alkaline films left by other cleaners
- Safe on most metals
- Cleans and polishes aluminum, copper and stainless steel – removes oxidation
- If left unrinsed, Pentox leaves a light phosphate coating on iron and steel parts that helps prevent flash rusting
- Cleans ceramic tiles, basins, shower stalls and food service utensils
- Removes hard water spots from glass and plastics
- Highly concentrated – dilute for more economical use

“Let me show you how it works”

Dissolves hard water buildup, mildew and stains

APPLICATIONS:

- Bathroom sinks, floors, shower stalls and chrome fixtures
- Air conditioning coils
- Ice machines
- Dishwashing machines, drinking fountains and other food service surfaces
- Commercial laundries
